RE ESTABLISHING OFFICERS' MESS.

Sir. -

In conversation yesterday with the Divisi cnal Paymaster, I learned that the officers are not entitled to draw money in lieu of ordinary rations; that is that they must draw rations or nothing. About a half a dozen of the officers here started an informal mess on the 16th inst. thinking that they would be entitled to draw 75 cents per man subsistence allowance in lieu of ordinary rations. These men accordingly paid for everything they cbtained and received nothing through the Army Service. The mess, however, will be properly established on the 24th inst. (tcomcrrcw), and the officers will draw their ordinary rations from that date. That is, it is my intention, unless otherwise ordered to authcrize the Paymaster to is sue checks to the officers for subsistence allowance till the 23rd inst. inclusive, and to draw rations thereafter. I presume that this will be entirely satisfactory to you.

I have the honcur to be,

Sir.

Your Obedient Servant.

IN REPLY REFER TO

Lt. Col. W. M. O. Lochead, O.C. 118th O.S. Battn., Berlin, Ont.

Dear Dir.

Following your visit of yesterday, we are enclosing herewith list covering China, Silverware and Glassware.

In the case of the China there are two lists, one for No.5. Decoration, Green Band and Line and the other for No.590 Decoration. Samples of these decorations you took with you yesterday.

As pointed out yesterday, our stocks are very limited and in the case of the Green Band we will be able to supply complete upon arrival of the shipment which is now between St. John and Toronto, but we would wish to have your confirmation as early as possible as there are lines in stock that are not included in the shipment that might be affected by sales between now and its arrival, so in order to play safe, the sconer the order is placed the better.

In the case of the Glassware, you will note the list shows two grades of Tumblers, 2 grades of Palts & Peppers and 2 grades of Vinegar Bottles. The extension has been made on the better goods in each of these three cases, but if you wish

Lt.Col.W.M.O.Louchead, 12/4/16.

to use the cheaper lines, it would then affect the total, and this you could figure out yourself.

We might state for your information that in the case of the Salts & Peppers and Vinegar Bottles, the cheaper ones are those that were shown to you yesterday, and the better ones suggested themselves to the writer to-day. In the case of the Tumblers we do not think that you would wish anything cheaper than the 9398.

The Butter Cutter, Knife Cleaner and Trays we have put under the heading of Sundries.

Trusting that these lists will be quite clear to you and that you will let us have your confirmation at the earliest possible date, we are,

Yours faithfully,

Dear Pir,

You will remember when in our Sample Room the writer stated that we were expecting a shipment of the Green Band and Line Decoration, Vitrified Ware, and that we would be able to take care of your order providing you decided on this pattern, with the exception of 6 inch Plates, which were not coming, and on the list we substituted the 7 inch. The shipment referred to has arrived, and we find it contains, among other things, 15 dozen 6 inch Plates, which were not expected. 10 dozen of these have already been used to fill an order which we were holding, and we are holding 4 dozen for you, awaiting your decision as to which decoration you will have.

We might point out that the other decoration is getting very short in some lines.

The writer would appreciate your letting him here from you at the earliest possible date, so as to take care of your equipment for you. As stated, we will gladly hold same for your shipping instructions.

Yours faithfully, GO. LIMITED.

Dear Sir, -

Re Burberrys Imperial Army Weather-proof.

We are in a position now to accept orders for these garments for delivery from 3 to 4 weeks; same being mailed from London, England. The price of the infantry style is \$15.00; the cavalry \$16.50, this is the net price after refund of duty has been made.

For your information if not already acquainted with this famous coat, it is a khaki colored closely woven garbadine cloth with plaid light wool lining. Raglan shoulders slash thru pockets. Burberrys, as you perhaps already know are the acknowledged best makers of weather-proof in Great Britain.

In the event of your staff and officers adopting this coat we would be glad to ship you a sample of either the infantry or cavalry style that you may see exactly what you are ordering. The chest and height are the only measurements required.

Very truly,

Dear Sir, -

Have you made any arrangements with regards to summer uniforms for your staff and officers? We would be glad to look after your requirements and enclose herewith samples of our two cotton cloths # 4300 and # 4200 priced at \$13.50 and \$15.00 respectively; these are both reasonably fast as to color and washable; made up in the regulation pattern, breeches faced and double-seated. They make the ideal fatigue uniform for summer wear especially for camp purposes.

Should you decide to adopt either of these cloths for your battalion we could allow you a discount of 5% for 25 or more orders and would also arrange to send our man over from London to look after measurements for these.

Let us know how you feel in the matter.

We are in receipt of your favor of the 11th instant, confirming orders for China, Silverware and Glassware.

On the 2nd instant Col. We are in receipt of your telegram of even date, and are indeed surprised to learnthat the Silverware has not yet reached you. This was expressed from here on Saturday the 20th by Dominion express, as per the Wire which we have sent to you. We have asked the Express people to trace same by wire, and it is quite possible that these goods will be found at the London Office.

We hope that by the time this letter reaches you that you will have enquired there and have located the goods.

We might state that the reason the Silverware did not accompany the China was due to the fact that id did not come in from the factory until Saturday morning.

Messing Account: Lieut. R. G. Washburn.

Sir ;

In reply to your No.1.D.27-4-4dated 9.12.16, I have the honour to forward herewith messing account of the marginally named officer.

Before leaving the Battalion, this officer was reminded twice about his account, but went away without paying. Had it been a case of inadvertency, the Mess would not trouble any more about it; but there is every appearance of deliberate intention to avoid payment.

The account was forwarded early in October, but no reply has yet been received.

I have the honour to be,

Sir,

Your obedient servant,
